TD1.15/3:

With the January 1979 issue of Selected Library Acquisitions, the listing of new serial editions available in both library locations as well as the listing of technical papers and standards which are maintained (uncataloged) in the FOB10A Library were discontinued. For information on availability of these items, please consult staff members in each library location.

FOREWORD

The format of Selected Library Acquisitions results from the participation of the Department of Transportation Library in the automated cataloging system of the Ohio College Library Center (OCLC). The master sheets from which the publication is printed are generated from the Library's input into the OCLC data base during each calendar month. Titles are arranged alphabetically on this listing by the computer under the main specific subject assigned to each volume.

The Department of Transportation Library which serves all employees of the Department has two locations: The Headquarters collection in the DOT Headquarters Building (Nassif), and a Branch collection in FOB 10A. The symbol "FOB 10A" to the left of the classification or call number on the list identifies the book as located in the FOB 10A Branch Library; the absence of a location symbol indicates that the book is shelved in the Headquarters Library. When a publication is available in both locations, the designation "HQ & 10A" will be shown to the right of the call number. Titles marked "REF" are available for use in the Library only. Titles marked "LAW" indicate availability in the Law Services Branch.

Books are to be requested by the classification number and/or by author and title,. with reference to the particular issue of Selected Library Acquisitions. DOT Headquarters personnel may borrow material by visiting the Headquarters Library, M -493, room 2200, Nassif Bldg., 400 Seventh St., S.W., Washington, D. C., or the DOT Branch Library, M-494, room 930, FOB 10A, 800 Independence Ave., S. W., Washington, D. C. They may also telephone extension 61792 (HQ) or 63611 (FOB 10A), or return a copy of the list, to the respective Library Circulation Desk, checking the items which they wish to borrow. In all cases, name, routing symbol, building room address, and telephone number should be given.

Field personnel may borrow material, subject to circulation regulations, unless reserved for special needs at DOT Headquarters. FAA Field requests should be sent to the Chief Librarian at the appropriate region, Aeronautical Center, or NAFEC Library. (Region and Center Libraries will consolidate requests and send two copies to the Circulation Desk, FOB 10A Library, M -494). Other DOT Field elements may borrow directly from the DOT Headquarters or Branch collections.

Recommendations for acquisition of books and periodicals for the DOT Library may be made by submitting DOT Form 1700.10, Library Acquisition Recommendation, to the Chief, Library Services Division, M -49. DOT Form 1700.10 is reproduced below for convenience. Additional copies of this form are available at the Library Circulation desks.
